SEMINAR ON CAMPUS PLACEMENT DRIVE

Date: 8/12/2016

No of student : 20

Venue : F1

Objectives: Identify the talented and qualified students before they complete their education, as this process reduces the time for an industry to pick the candidates according to their need.To crack down the campus placement, a student has to have specific skill sets. They include advantageous soft skills like the right attitude, confidence, humble behavior, truthfulness, honesty, and integrity,

Outcome :The resource person Mr. Rohith Ganesh conducted a Campus Placement For IDBI, ICICI And Kotak Mahendra Bank A presentation by Mr. Rohith Ganesh gave detailed knowledge of the company. After that aptitude test was conducted, students qualifying the aptitude test was then interviewed personally by the respective HR person & students selected in this finally interviewed technically by Mr. Rohith Ganesh and his team members .Around 38 students participated in the campus interview drive, 18 students qualified aptitude test. Qualified students were then interviewed, results were declared after the interview round was completed. Five students were shortlisted by the HR team & offer letters were given for the shortlisted students. Overall experience and feedback of the placement team was very positive as the need of their organization to search the right talent to drive its business objectives is fulfilled by our students.

Feedback: The Programme was concluded by rendering appreciation and respect to the panel members. Panel members were very keen in conducting Campus recruitment drive next year also. Our programme coordinator Dr. Sumathi Gopal motivated & supported in every aspect for the successful conduction of this campus drive & quoted how such programmes were essential for boosting the confidence of students.

SEMINAR ON PSYCHOMETRIC TEST FOR EMPLOYABILITY

Date: 19/12/2016

No of student : 48

Venue : G2

Objective: Graduate psychometric tests help to identify your skills, knowledge and personality. They're often used during the preliminary screening stage, or as part of an assessment centre. They're objective, convenient and strong indicators of job performance - making them very popular with large graduate recruiters

Outcome

The resource person Mrs. Jenny P from Training Point (Edusharp) was able to communicate and connect with BCOM and BAF students effectively. Many local and international companies in both the private and public sector now rely on pre-employment tests, such as aptitude and personality tests, as the most effective method to measure your 'fit', or match, for a position you apply for. These tests tell employers what they need to know, not just what you want to share with them. Ultimately, the resource person explained their aim is to increase the fairness of these pre-employment tests and to ensure that the participants are given a fair go and an equal opportunity when doing them. The company has prepared solutions for the pre-employment tests are industry and job-level specific and have preparation solutions for pre-employment tests.,

Feedback: The participants were very eager to know various employment opportunities as explained by the resource person. Many students showed interest to get enrolled for the said course and participate in such workshops and programs in future.

SEMINAR ON ADVANCED EXCEL

Date: 11/2/2017

No of student : 38

Venue : G1

Objective: With advanced Excel tools, you can create more complex calculations. Once your formula is written and you have programmed your set command, the program will perform all of the work to complete the calculations, freeing up your time for other tasks and ensuring that you have accurate data the first time around.

Outcome

The resource person Mrs. Kavitha Tandon, from ATS Microsoft conducted a Seminar on Advanced Excel. Microsoft Excel is one of the most popular and commonly used spreadsheets applications used nearly by all the firms in every industry in the world. Corporates, educational institutions, and government agencies all use Excel to manage and analyze data. Learning how to use Excel is a smart investment, which could help you improve functioning in your professional and personal life. As an employee, learning how to use Excel efficiently creates value, since most jobs require utilization of this application.

Excel makes it easy to monitor financial performance, such as profit or loss, calculate payments on large purchases, plan a budget, or stay organized with checklists. Students, researchers and project managers can create spreadsheets and reports, tables, diagrams, charts, and much more. This opens up more opportunities for employment and career advancement. Thus exciting training opportunity benefitted the students by improving their speed, as they will learn the most advanced features for improving their efficiency and expanding their capabilities in Excel. It is a comprehensive learning event, which has been developed for Excel users who're ready to put this amazing software to work for fabulous results.

Course Content: Introduction to Excel, Creating and working with workbook /worksheet, Selecting ranges, Editing and sharing workbook, Filling Data Formulas and functions, Number formatting, Sorting and filtering data, applying borders, Page setup formulas and functions, Data linking, Creating charts, special pasting conditional formatting, Hyperlink, working with tables.

SEMINAR ON INTERNSHIP PROGRAMME

Date: 17/2/2017

No of student : 15

Venue : F2

Objective:

To expose you to a particular job and a profession or industry. While you might have an idea about what a job is like, you won't know until you actually perform it if it's what you thought it was, if you have the training and skills to do it and if it's something you like.

Outcome

The resource person Mr. Rahul shaikh from Transcend solutions was eager to explain the Internship For Full-Time & Part Time In Jet Air Shared Services For SY.BMS Students. Mr. Rahul Shaikh was able to communicate and connect with students effectively. The students were given good knowledge about the scope and placement opportunities in Logistics and aviation industry. She further informed that the course on training the students in the various processes involved in the employment scenario in Logistics and aviation industry would be conducted by the institute at reasonable cost to enable the students to attend the same and benefit from it.

Feedback

The participants were very eager to know various employment opportunities as explained by the resource person. Many students showed interest to get enrolled for the said course and participate in such workshops and programs in future.

Academic Year 2017-2018

Skill Development Committee

Abstract

Our Institute has been organizing many personality development sessions, placement drives and careers counselling sessions for students in the academic year 2017-2018. Career decisions play a pivotal role in shaping the future growth and development of students. In today's environment of multiple options, knowing about choices available helps students in their decision-making process.

The sessions are organized by many eminent industry experts with active co-ordination by the skill development committee coordinator Dr. Sumathi Gopal. The main aim of these skill programs is to reiterating the importance of knowing one's potential and subject of interest before making a decision. Our students were guided on various career options like banking, insurance and finance sectors/ The participants got a good insight on the importance of making informed decisions regarding their career and future growth prospects.

The resource persons were invited to conduct various seminars and student guidance workshops that aimed at making the students aware of the multiple career options available in various employment scenarios. The participants were given ample information on the importance of developing various skill base techniques like preparing and facing an interview, participation in Group Discussions and mock interviews that equip them to face the interviews with good confidence.

Report

Campus Interview

Date: 22/12/2017

No of students : 97

Venue :Seminar Hall

- **Objectives -** To provide career guidance about avenues open after graduation. ...
  - To provide recruitment to students.
  - To provide exposure to BE pursuing students.
  - To have good relations with the recruiters.
  - Managing Recruiters correspondence and feedback's.
  - Organizing Pre- Placement Training's

Outcome & Feedback

The seminar on Campus Interview was conducted by the resource person Mr Suraj Singh .Engaging opportunities, improving the retention rate, bringing new knowledge and skills, and being easily adaptable and manageable are some of the advantages of having a well-established campus strategy. Hiring someone without much relevant experience, but with fresh ideas, new knowledge, and eagerness to learn and succeed, you are adding a great asset and you do not have to pay for this great asset the same amount that you would pay for someone with many years of relevant experience.

Report

Workshop and orientation Program for FYBcom ,SYBcom , SYBAF and SYBMS Students

Date: 04/01/2018

No of students : 167

Venue : Seminar Hall

Objectives - In the beginning of the first year, students need to be made acquainted to their surroundings in the campus. This includes introductory sessions, giving them an overview of the university life; the rules and regulations mandated for each student in a particular college/ faculty.It is an essential period at the beginning of the college session, which allows the students to get settled in their new environment.

Outcome & Feedback

The seminar on Workshop and orientation Program was conducted by the resource person Ms. Avneet of CET King.

An academic component to orientation will give the new students the advantage they will need in making the transition from high school to college. By giving a strong overview of academic expectations, students will be better prepared to meet the challenges of collegiate academics.

Report

SEMINAR ON PERSONALITY DEVELOPMENT SKILLS

Date: 24/7/2018

Number of student: 66(43,23)

Venue: Seminar Hall

Objective:

The seminar aims to **cause a basic awareness about the significance of soft skills in professional and inter-personal communications** and facilitate an all-round development of personality.

Personality skills are the skills required to effectively communicate, interact, and work with individuals and groups. Those with good interpersonal skills are strong verbal and non-verbal communicators and are often considered to be "good with people".

Outcome of the Programme on Personality development skills

The resource person Ms. Disha Mishra from Technoserve conducted two worshops on 10/07/2018 and 24/7/2018 for different set of students in which she was able to communicate and connect with students effectively. The selected students would be trained in various personality development skills. They would be learning the procedures involved in taking up and solving the issues they face while communicating. These skills are very important to help the students that would enhance their skill and increase their employability in the job market.

Feedback

The participants were very eager to know various aspects and soft skills as explained by the resource person. Many students showed interest to participate in such workshops and programs in future.

Objective:

- Identifying areas that we need to work on to become our best self
- Improving our self-esteem and confidence levels and giving a more positive outlook towards life.

The employability skills are those skills that are required to get initial employment by candidate for first time. These skills are mostly demanded by many recruiters/employers when they come to Management institutes for campus placement. skills, domain knowledge expertise, decision making skills, learning skills.

Outcome of the Workshop

The resource person Mr. G.R.Sitaram/Mindmantra was able to communicate and connect with students effectively. Many local and international companies in both the private and public sector now rely on pre-employment tests, such as aptitude and personality tests, as the most effective method to measure your 'fit', or match, for a position you apply for. These tests tell employers what they need to know, not just what you want to share with them. Ultimately, the resource person explained their aim is to increase the fairness of these pre-employment tests and to ensure that the participants are given a fair go and an equal opportunity when doing them.

The company has prepared solutions for the pre-employment tests are industry and job-level specific and have preparation solutions for pre-employment tests.,

Feedback

The participants were very eager to know various employment opportunities as explained by the resource person. Many students showed interest to get enrolled for the said course and participate in such workshops and programs in future

Workshop on CS Roadmap to register and pursue CS degree

REPORT

Date: 26/09/2018.
No of students: 67

Venue: 301

Objectives:

To create awareness about CS programme

To give knowledge about career opportunities after CS

To develop students' ability and skills

Workshop Contents and Outcome:

Company secretary takes an upper-level position in an in all the organizational matters including security market, company law, corporate strategies and related cases. Also, the CS maintains regulatory compliance and company administration smoothly.The company secretary also holds the important tasks of upkeeping the records of the company. It is required before starting a career as CS that you understand the role and aware about the pros and cons attached to the position. The company secretary takes care of the onus of the company in different responsibilities and completes everything in time.

In order to make the students aware about The CS course and show them the roadmap to register,Mrs. Lacchmi Bhatt, from ICSI Institute was invited to conduct a workshop for FYBCOM students on 26/09/2018.

Feedback:
The students found the seminar quite informative as most of the B.com students wanted to explore CS course as a future career option. Many students showed interest to get enrolled for the said course and participate in such workshops and programs in future.

Workshops on employment opportunities

Date: 6/2/2019 and 19/3/2019

No of student : 24 and 38

Ashy techno ventures conducted a two Workshops for all TY students, **on EMPLOYMENT OPPORTUNITIES after graduation.**

With the advancement in technology & education system, a plethora of career options are available for students to pursue after graduation.

The completion of graduation is marked with two kinds of feelings. One emotion is happiness for crossing a milestone in your life and the second emotion is worry, as you wonder what to do next.

The main objectives of the workshop were:

- To create awareness about employment opportunities
- To give knowledge about how to approach right job
- To develop students' ability and skills

Contents of the Workshop:

The students were given an overview of the industry and different sector and its job opportunities available were discussed. They were also guided about the how to approach about the right job.

Outcome:

With the huge number of career options available today, it is only natural that you are feeling confused and overwhelmed. However, it doesn't have to be that way.

To overcome such confusion this workshop was conducted.

Feedback:

The student found the workshop really informative and showed interest for such workshops in future.

Report
PERSONALITY DEVELOPMENT SESSION

Date: 09/2/2019
No of student : 49
A personality development workshop was conducted by Jeevan Mantra for the students on 9/2/2019.

Apart from our communication skills, our personality also influences many other areas of our lives like our time management skills, team management skills, decision making skills, etc. Therefore, it's important that we invest time in Personality development training programs which can give us deeper insights into our personalities and open the doors for making appropriate changes.

Factors like our attitude, motivation, fears and complexes which directly and indirectly affect our lives all form our inner world. And the fact is; not everyone is born with a positive attitude, good self-esteem and confident personality. But they are surely areas that can be worked upon and enhanced.

Main objectives of the workshop:

Identifying areas that we need to work on to become our best self. Improving our self-esteem and confidence levels and giving a more positive outlook towards life. Creating a good and lasting impression on others.

Some of the topics which were covered were :

- Communication Skills (Verbal and Non Verbal)
- Body Language & Etiquette
- Time Management Strategies
- Goal Setting
- Develop Confidence
- Presentation Skills
- How to handle criticism
- Leadership Skills

An overview of above topics was discussed in the workshop.

Outcome:

Most importantly, personality development trainings also give us an opportunity to work on and change our inner landscape. This was indeed the push that the soon to be graduates required and it also made them realise that getting into the top college in any field is not going to be a cake walk, as it requires persistent hard work and dedication.

Feedback:

The participants were very eager to know various skills as explained by the resource person. Many students showed interest to participate in such workshops and programs in future.

ITM Group of Institutions was established in 1991 by Dr. P. V. Ramana, Founder and Chairman. Today, we offer the highest quality education from our Institutions and Universities located across India, in various streams including Engineering, Management, Health Sciences, Hotel Management & Culinary Arts, Fashion & Interior Design.

ITM - Group's flagship institutes are AICTE approved Business Schools, which offer industry relevant ITM PGDM *iConnect* programs, in various specializations.

ITM PGDM *iConnect* 2019-21

A two-year full-time AICTE approved program, the ITM PGDM *iConnect* is a new approach to addressing the challenges of the next-gen professionals: experience working with teams, core business know-how, excellent communication skills, strong analytical abilities and more.

iConnect is designed to meet many of these challenges. Doing away with purely classroom-rooted methods, *iConnect* seeks to open up the world to the student, bringing together the forces of academics, self-development, professional development and real work experiences together into a cohesive and mentored learning experience.

ITM PGDM *iConnect* key components

- Fully redesigned and industry relevant curriculum.
- 5 month, full-time industry internship at top companies, guided by our experienced faculties and corporate mentors.
- Comprehensive training in communication skills, technical skills and professional development through our exclusive 'TALEWIND' curriculum.
- Intensive Career Management courses for placement and further career management.

ITM Business Schools 4 campuses offer the AICTE approved ITM PGDM *iConnect*, including unique specializations as Finance, Marketing, Business Analytics, Operations and supply chain management, Digital Marketing and Transformations, Human Resource and Management, Marketing and Digital Media, International Business, Retail Management & Marketing (with International Perspective) FINTECH and Financial Markets. Campuses at ITM University Raipur and Vocational University Vadodara offers MBA Degrees in Marketing, Finance, Human Resource Management and Financial Markets.

ITM Business School, Chennai

ITM Business School, Chennai was established in 1993. It is ranked 9th among the top business schools in South India and ranked 23rd in all over India by Times B School Survey 2018. The spacious campus is located inside the SIPCOT IT Park at Siruseri, in the midst of top IT companies like TCS, Cognizant, Hexaware and many more. Top companies in vicinity. The campus has access to seasoned industry professionals, who share their business insights along with a teaching-team of highly experienced faculties, who contribute to a wholesome learning experience with a 10 days exposure to international learning environment through International certification program @ NTU, Singapore.

Programs Offered:

ITM PGDM *iConnect* with specializations in Finance, Marketing, Human Resource Management, Operations, supply chain management and Fintech

ITM Business School, Warangal

ITM Business School, Warangal was established in 1994 as an integrated fully residential campus nestled in the educational township of Warangal and figures in one of the top 5 institutes in Andra Pradesh and Telangana. Today, the PGDM program is highly respected by industry, with students having access to industry professionals and led by a team of highly experienced professors.

Motivational speech on Digital Marketing

Date: 21/2/2019

No of student : 62

Objective:

Mr.PushpendraRakshith of ITM Group of Institutions conducted a Workshop for all students, emphasising on the importance of Digital marketing.

The main objective of the workshop was:

1. To create awareness about Digital Marketing.
2. To give knowledge about career opportunities.
3. To make students efficient and effective.
4. To develop students' ability and aptitude.

Outcome:

With the digital revolution, technology has opened a new door for marketers. What we market may not have changed but how we market has indefinitely changed. The evolved study of marketing, known as digital marketing, has opened new opportunities for businesses and aspiring digital marketers.

In order to create awareness, the workshop included the following topics:

- What is digital marketing?
- Importance of digital marketing
- Difference between traditional and digital marketing
- Discuss the recent trends and current scenario of the industry
- How digital marketing has been a tool of success for companies?
- How to use digital marketing to increase sales.

Feedback:

The participants were very eager to know various skills as explained by the resource person. Many students showed interest to participate in such workshops and programs in future and also many students inquired the full time Digital Marketing courses and job opportunities related to it.

WORKSHOP ON CAREER OPTIONS AFTER GRADUATION

Date: 22/2/2019

No of student : 55

Objective :

Ms.Upasana Yadav from CET King,conducted a Workshop for all TY students, emphasising on ON CAREER OPTIONS AFTER GRADUATION .
She explained the students about different career options after graduation, like MBA or Law and also gave an insight about what future opportunities it would hold for them.
She gave a detailed illustration of the timeline and structure of these exams and when should the students start preparing for the same. Moreover, our speaker also discussed about the top colleges that the students should aim which would give their career a turning point.

The following topics were discussed in the Workshop:

- How to decide the right career path.
- Figure out your core area of interest
- What are the career options for Graduates.
- **Further study options for Arts Graduates.**
- CAT, XAT, MAT and MHCET are some of the popular entrance tests details were given.
- Building professional networks on social media sites like LinkedIn and Facebook.

Outcome

This was indeed the push that the soon to be graduates required and it also made them realise that getting into the top college in any field is not going to be a cake walk, as it requires persistent hard work and dedication.

Feedback:
The participants were very eager to know various employment opportunities as explained by the resource person. The student found the workshop quite helpful and motivating.

Report

Flipkart Internship programme

Date: 18/3/2019

No.of students:36

About Flipkart:

Flipkart is an Indian e-commerce company, headquartered in Bangalore, Karnataka, India, and incorporated in Singapore as a private limited company.[5] The company initially focused on online book sales before expanding into other product categories such as consumer electronics, fashion, home essentials, groceries, and lifestyle products.

The main objective of the workshop were:

- **To create awareness about Internship programme**
- **To orient about job opportunities in Flipkart**

Content of the Program

The Internship Program at Flipkart' looks at the selection process and design of the internship programs offered by Flipkart for graduate and undergraduate students in India. The internship program offered to students pursuing their Bachelor's who interned for two months in the software development, operations management, and product management roles. The 45-day internship program was designed to introduce students to work in Flipkart's supply chain.

Outcome:

An orientation program was conducted for the students of our college by Flipkart executives on 18/3/2019 in order to explain about the internship program offered in Flipkart.

Feedback:

Many students showed interest in joining the internship programme as stipend offered was additional attractive point for the students.

Report
Session on Group Discussion and Personal Interview

Date: 26/3/2019
No of student: 47

On special request from students training programme on Group Discussion and Personal interview was conducted By E Learning on 26/03/2019.

Group Discussion or commonly referred as GD among the MBA aspirants, is now become an integral and important part of the admission process in a good MBA college. Every premier B-School has intuited the GD-PI process to be segment in the process of admission in their respective colleges.

Personal Interview conducted by various people (like HR Head, Technical Head etc.) in the organization. It is usually the last round of an interview process but it may be extended to Round 4 and Round 5, depending on the requirement and also for further satisfaction of the organization.

Objectives of the Workshop:

- **What type of topics should a student prepare for GD?**
- **What are the common interview questions?**

The most common PI questions posed by selectors were discussed:

- What is the meaning of your name? (an ice breaker question)
- Tell me something about yourself.
- What are your career goals?
- Where do you see yourself 5/10 years from now?
- What are your strengths/weaknesses?
- Elaborate on your work experience.
- Tips to succeed in GD and PI

Outcome:

Group Discussion Test is the most important and most popular technique of personality testing. It enables the examiner to assess candidate's leadership ability, intellectual level, communication ability, socialisation skill and an ability to motivate and influence others. The most important aspect of Group Discussion is its practical approach for analysing the inner orientations of the candidates. The enhanced leadership ability of the candidate has to be in context of abilities and responses of other individuals of the group.

Feedback:

The participants were very eager to know various skills as explained by the resource person. Many students showed interest to participate in such workshops and programs in future.

Objectives-

Taxes generally contribute to the gross domestic product (GDP) of a country. Because of this contribution, taxes help spur economic growth which in turn has a ripple effect on the country's economy; raising the standard of living, increasing job creation, etc.

Outcome of the Seminar

The seminar on Income tax awareness in Ty students was conducted by the resource person Mr.Shyam B. Yadav from IT Department. This session concluded that there is a positive effect between taxation knowledge and level of understanding toward tax compliance. It means that an increase in tax knowledge and tax understanding level can lead to an increase of tax compliance level.

Feedback of the seminar

Taxation knowledge is necessary to increase public awareness especially in areas concerning taxation laws. Students greatly benefitted though this session.

Learn and Earn Programme

Date: 25/07/2019

No of students: 62

Venue: 401

Objectives - LEARN AND EARN Programme is an initiative that bridges the gap between the industry and the youth of India by developing a steady pool of trained manpower. At the end of this programme, students might get an opportunity to turn their training into a full-time job or explore other opportunities in different companies.

Outcome of the Seminar

Students were given an insight that earn while learn programme provides opportunities to the students to earn while they are learning through part-time jobs. Instead of going for regular studies of graduation and post-graduation, students prefer to go in for short term professional courses so that they start earning at a young age.

This helps the students to gain first-hand experience of the corporate world and thereby develop their self-confidence and personality. Accordingly, the students were encouraged to take up vocational training or part-time jobs after completing their regular classes or during holidays which would enhance their rating at the time of final placements.

Feedback of the Seminar

The Students were happy with the seminar. They Understood the Value of part time jobs and learn while you Earn concept.

Report

On

Digital Marketing Programme by Eminent Minds.

Date: 23/8/2019

No of students: 145

Venue: 401

Objectives

This offers an excellent opportunity to expand student's skill set and gain new skills. By the time your Digital Marketing Certification course is over, they will have the requisite knowledge, skills, and practical experience to help enhance the marketing strategies of a company

Outcome of the Seminar

Students were explained that Digital Marketing strategy is a set of planned actions performed online to reach specific business goals. In simple terms they were taught that it means performing consistent actions at the right time via the most suitable online channels to increase revenue and improve relationships with your audience. Unlike traditional marketing, digital marketing has a higher return on investment and a higher conversion rate, which means it has a higher revenue.

Feedback of the Seminar:-Students were deeply benefitted by the program. They understood that Digital Marketing allows you to show your customers what your business is made of and how you can help them with their needs.

Session on Careers in Mutual Fund

Date: 16/08/2019

No of students: 61

Venue: Training in Computer Lab

Objective

Through analysis of markets and economy, they help pick favourable investment opportunities for their investors. A mutual fund usually spreads the money in companies across a wide spectrum of industries. This not only diversifies the risk, but also helps take advantage of the position it holds

Outcome of the Seminar

Students learn that a mutual fund analyst tracks the debt and equity market to assess the performance of the various mutual fund schemes and gives recommendation based on sound judgement. He assists a Fund Manager through research and market analysis so that the latter can make best investment decisions for the clients.

Feedback of the Seminar:

The Students gained good knowledge about Mutual Funds and the Career opportunities in this field.

NIRMAN Batch 10 - Apply Before 15 Aug 2019

Dear Friend,

NIRMAN is a youth educational process started by Dr. Abhay and Rani Bang in 2006. NIRMAN aims to identify, nurture and organize youth who are willing to use their education/ knowledge/ professional skills to solve real life social problems. NIRMAN sensitizes and guides young changemakers to lead a meaningful and purposeful life.

As a part of this educational process, a series of camps have been designed. These camps are organized at SEARCH campus in Gadchiroli. Youth get to learn about self, society, environment, societal problems, different approaches to tackle those along with discussions with role models and fellow youth changemakers. The process facilitates their conviction and clarity about contributing to social problem-solving.

Till 2019, 9 batches of NIRMAN are already out and more than 1200 youth, across Maharashtra from various educational backgrounds, are connected with NIRMAN. Out of which, more than 350 youth are working full time in the social sector, undertaking a specific burning social issue.

The 10th batch of NIRMAN will be starting in January 2020 and the last date to apply is 15th August 2019.
We are inviting applications for the same till 15th August.

Elocution Competition –
REPORT
Date: 22/08/2019

No of students participated in Elocution: 08

Venue: Room no. 401

Objective: - Elocution is a skill used by many people who must speak in public or as part of their job. Proper elocution involves speaking clearly with a neutral accent. ... Tongue twisters force speakers to practice the consonant sounds essential to clear elocution and to work on speaking words aloud quickly and clearly.

Description of the seminar: - The competition was conducted by A.D. Shroff Memorial by Dr. SumathiGopal Of NCRDS Sterling College of Arts Commerce and Science. This Competition helped Students to improve their communication skills and ultimately become more persuasive when they speak. It Increased Students confidence a lot.

Outcome &Feedback: - The objective of this activity was to make the students more expressive, confident and spontaneous in their way of speaking. Students were very happy with the Competition.

On

Financial Literacy Internship Programme

Date: 24/08/2019

No of students: 117

Venue: Room no. 401

Objectives-

The job of a finance intern is to support the organization while learning about a career in finance. Regular duties and responsibilities for finance interns include generating and analyzing reports, taking notes during meetings, preparing statements, entering data, and assisting with audits.

Outcome of the Seminar

The seminar was conducted for our undergraduate students. Financial literacy training, was taught to students involving education in practical financial issues such as saving,investing,borrowing, and also evaluating the cost of personal financial services such as insurance, credit for major purchases, and electronic cards.

Feedback of the Session: - The students were very happy with the session. They learnt that financial literacy is critical to successfully plan for the future. They also learnt that financial literacy is essential for long-term financial stability.

A session of Guidance for cracking MBA in Maharashtra by E-Learning.

Date: 26/08/2019

No of students : 91

Venue :401

Objectives –

An **MBA** degree not only offers better job prospects to graduates, but it also comes with higher salaries than you would otherwise receive. Completing an **MBA** program demonstrates a commitment to learning, improving, and applying skills that can help a company succeed.

Outcome of the Seminar

The seminar was conducted by ELearning. Students learnt that earning a professional business degree, or an MBA, can have a number of both expected and unexpected benefits in your life. In fact, those benefits often extend beyond your career and professional goals and are applicable to your non-work life as well.There is Increased Self Confidence, Credibility, Better Communication and Self Discipline.

Feedback of the Seminar

The Students were happy with the seminar. They learnt how to give MBA Entrance Exams for better selection of Institutes.

SESSION ON MATHEMAICAL ANXIETY IN UNDERGRAD STUDENTS

Date: 12/12/2019

No of student : 86

Venue : Room No. 401

Objective :

Mathematical anxiety, also known as math phobia, is anxiety about one's ability to do mathematics. It is a phenomenon that is often considered when examining students' problems in mathematics.

Outcome of the Seminar :-The impact of mathematics anxiety on mathematics performance has been studied in session. It was analysed that an individual with math anxiety does not necessarily lack ability in mathematics, rather, they cannot perform to their full potential due to the interfering symptoms of their anxiety. Math anxiety manifests itself in a variety of ways, including physical, psychological, and behavioral symptoms that can all disrupt a student's mathematical performance.The strong negative correlation between high math anxiety and low achievement is often thought to be due to the impact of math anxiety on working memory. Working memory has a limited capacity, and when solving mathematical problems, a large portion of this capacity is dedicated to problem solving. However, in individuals with math anxiety, much of this space is taken up by anxious thoughts, thus compromising the individual's ability to perform.

Feedback of the Seminar

The Students were happy with the seminar.

SESSION ON CAREERS IN SECURITIES MARKET.

Date: 13/1/2020

No of student :183

Venue : Room No. 401

Objective :

Securities make it easier for those with money to find those who need investment capital. That makes trading easy and available to many investors. Securities make markets more efficient. Since they are so easy to buy, individual investors can purchase them impulsively.

Outcome of the Session :-Stock market analysis enables investors to identify the intrinsic worth of a security even before investing in it. All stock market tips are formulated after thorough research by experts. Studying and evaluating past and current data helps investors and traders to gain an edge in the markets to make informed decisions. Students gained a lot through this session conducted by Ms. RupaliMhatre. They found it useful.

Feedback of the Seminar

The Students were happy with the seminar. They understood the different Career Opportunities in Securities Market.

Financial Literacy Internship Programme- Report.

Date : 07/02/2020

No of students : 86

Venue : Room no. 401

Objectives-

The job of a finance intern is to support the organization while learning about a career in finance. Regular duties and responsibilities for finance interns include generating and analyzing reports, taking notes during meetings, preparing statements, entering data, and assisting with audits.

Outcome of the Seminar

The seminar was conducted for our undergraduate students. Financial literacy training, was taught to students involving education in practical financial issues such as saving, investing, borrowing, and also evaluating the cost of personal financial services such as insurance, credit for major purchases, and electronic cards.

Feedback of the Session: - The students were very happy with the session. They learnt that financial literacy is critical to successfully plan for the future. They also learnt that financial literacy is essential for long-term financial stability.

Sub :- CONDUCT ING GRADUATE SUPPORTING PROGRAM's .

- The Graduate Support Programs (GSPs) Objective to ensure "Maximum Benefit- in Minimum Time" GSP is all about providing solutions to the students for the journey after graduation. As per our experience students face these three problems.

  Subject Training —Students fail in subjects because of lack of knowledge in a particular subject. Through this program we provide subject training as per the students' needs with the help of top class faculties, who help the students with tricks and technique in a 6-8hrs training program/workshop for B.com/BSCIT/BMS aspirants.

  Career In Finance — BAF/BBI/BMS are provided training and career counseling to ensure their bright future in the field of Banking/Stock Exchange/Insurance/Investment/CFA with the help of experience faculty from the corporates

  Test Preparations — Students looking forward to post graduations through entrance exams are provided with the GMAT/CAT/CET/ILTS/TOEFL training as well as material to help students pursue the career in management

- A guest lecture would be conducted before these activities to motivate students and help them create a path towards success. **(This session would be free of cost)**

Date: 12/02/2020

No of students :79

Venue :401

Objectives - Logistics industry in India is growing rapidly. It is a vast field with enormous opportunities for talented and energetic future managers in India as well as abroad. It is considered as the backbone of the economy as it make sure efficient and economical flow of goods and other commercial sectors are dependent on it. Logistics is one of the most important basic industries for any economic growth. Today each and every organization stands at a forefront because of their effective & efficient supply chain network. It includes the management of the flow of products from the place of origin to the place of consumption. This industry has several integrated processes like material handling, warehousing, packaging, transportation, shipping security, inventory management, supply chain management, procurement, and customs service.

Outcome of the Seminar

The Logistic Jobs are open to all graduates although you'll find that more employers are seeking graduates with a specific degree in logistics, transport or supply chain management. Students understood that Supply chain management schemes are available at advanced and higher level and result in careers in supply chain management, supply chain control and international procurement management.

Feedback of the Seminar

The Students were happy with the seminar. They understood the different Career Opportunities in Logistic Industry after Graduation.

Abstract

Academic Year 2020-2021

Skill Development Committee

Skill Development acts as a torchbearer for the student fraternity that can be made aware of the global changes in advance so as to hone the skills of the students accordingly and be prepared for the upcoming changes. Our Institute has been organizing many online personality development sessions, placement drives and careers counselling sessions for students in the academic year 2020-2021via zoom platform. Career decisions play a pivotal role in shaping the future growth and development of students. In today's environment of multiple options, knowing about choices available helps students in their decision-making process.

The online sessions were organized by many eminent industry experts with active co-ordination by the skill development committee co-ordinator Dr.Sumathi Gopal. The main aim of these skill programmes is to reiterating the importance of knowing one's potential and subject of interest before making a decision. Our students were guided on various career options like banking, insurance and finance sectors/ The participants got a good insight on the importance of making informed decisions regarding their career and future growth prospects.

The resource persons were invited to conduct various seminars and student guidance workshops that aimed at making the students aware of the multiple career options available in various employment scenarios. The participants were given ample information on the importance of developing various skill base techniques like preparing CV, preparing and facing an interview, participation in Group Discussions and mock interviews that equip them to face the interviews with good confidence.

Orientation on Student Development Programme

Date: 18/7/2020

No of participants attended: 36

Objectives

- This activity focuses on personality development to make the students reliable, with a positive attitude and right decision making.
- To inculcate good ideals and enhance positive attitude towards life and career
- Enhance the skill set to facilitate future growth objectives

Description: Placement success is always a remarkable moment for all the stakeholders. The effectiveness of student developing programme is vital for a student's success in both career and life. A balance of technical and life skills can play a vital role in the success of students. Importance of skills is widely known, but not a deeply understood amongst the youth. Demystify a role of skills at present and future.

Outcome of the Seminar: This seminar was conducted through the online platform Zoom by the resource person Ms. Samruddhi from IBS. The speaker gave a good insight about various aspects that needs to be harnessed for a successful growth and development of an individual's personality. Personality development is an important aspect in a student's life that determines his/her future employment and helps them to cope up with both professional and personal life challenges effectively.

RBL Placement & Training

Date: **13/10/2020**

No of participants attended: 52

Objectives:

1. To provide recruitment to students. To provide exposure to under graduate commerce students.
2. Providing Training & Placement process awareness to undergraduate commerce students
3. To assist students to develop/clarify their academic and career interests, and their short and long-term goals through individual counselling and group sessions.

Outcome of the Seminar: The webinar was conducted in zoom online platform by the resource person Ms. Shalaka (Trainer) of RBL Placement and Training services. This year long training programme aims at equipping the students to face the current placement and employment scenario.

Description: The industry is always on the lookout for students who are vibrant, energetic individuals and ready to accept challenges, attentive, a good academic background, fast learners, open to learning even at work and more importantly, good communication skills.

This activity focuses on personality development to make the students reliable, with a positive attitude and right decision making. The students were able to understand the importance of developing their communication skills and soft skills required for the industry.

BSE Investment Awareness Programme

Date : **18/8/2020**

No of participants attended: 37

Objectives:

- Identify Your Investment Requirements
- Determine Your Investment Strategy
- Assess Points of Entry and Exit
- Executing Share Market Investments

Outcome of the Seminar: The stock market allows you to invest in shares to earn regular income in the form of dividends. Companies pay dividends to their shareholders every year out of the profits. You can get these dividends in the form of cash, securities, and more share units.The resource person Ms. Marina Jose Kanjikal conducted this online programme on zoom meeting and our students were given good insight about Investor awareness.

Description: Some investors purchase shares and hold on to these over different time horizons. The share market may be subject to risks, but the right shares will see price appreciation over time. Thus, investors can reap great benefits over the long term.When people buy company shares, they become shareholders of the company. This makes them part-owners of the business. In return, some companies pay out regular dividends to

shareholders out of their profits. Thus, many investors look for investment opportunities that bring a regular source of income in the form of dividends.

Feedback of the seminar: The participants were able to understand various risks and benefits involved in financial markets and got satisfactory solutions for their queries by the resource person. Our students opined that they would like to attend more such programmes in the future.

Coping Up With Exam Stress/Pressure

Date: 4/9/2020

No of participants attended: 46

Objectives

- To equip the learners to face the exam without stress
- To help students to prepare effectively for facing the exams
- Assist the exam aspirants to plan and prepare for their final year examinations

Outcome of the Seminar: Exams can make even the best students delete sleep and healthy habits from their lives. Exam time has never been easy. The sensation of a knot in your stomach added to the pressure from parents and peers can all feel overwhelming. While some say a little stress and nervousness is required to keep up the pressure to study for exams, constant stress and anxiety can lead to some unpleasant situations. Hence, it is important to stay calm, composed and to achieve desired results in a fiercely competitive environment.

Description: One should remember to set realistic targets not to criticize yourself if you miss a few. Making a list of your achievements at the end of every day, even if they are small ones can help tremendously to keep those motivation levels up. This webinar on 'How to cope up with Exam Pressure was conducted by the resource person Mr. Abhishek Sood for TYBAF students on the subject Costing and topic was Standard costing and Variance Analysis.

Report

RBL Placement & Training

Date: **13/10/2020**

No of participants attended: 52

Objectives:

1. To provide recruitment to students. To provide exposure to under graduate commerce students.
2. Providing Training & Placement process awareness to undergraduate commerce students
3. To assist students to develop/clarify their academic and career interests, and their short and long-term goals through individual counselling and group sessions.

Outcome of the Seminar: The webinar was conducted in zoom online platform by the resource person Ms. Shalaka (Trainer) of RBL Placement and Training services. This year long training programme aims at equipping the students to face the current placement and employment scenario.

Description: The industry is always on the lookout for students who are vibrant, energetic individuals and ready to accept challenges, attentive, a good academic background, fast learners, open to learning even at work and more importantly, good communication skills.

This activity focuses on personality development to make the students reliable, with a positive attitude and right decision making. The students were able to understand the importance of developing their communication skills and soft skills required for the industry.
